ABOUT ME

UX/UI Designer with a background in Visual Communication.

Expert in characterizing and designing **B2B products**, complex systems, and **brand assets**, focusing on business goals and conversion (CRO). Possesses expertise in building comprehensive design systems, **leveraging AI tools**, and making digital interfaces accessible in accordance with strict standards and organizational goals.

EXPERIENCE

UX/UI Designer | Freelance (2023 - 2026)

- Led end-to-end (E2E) characterization and design processes for responsive websites, portals, dashboards, and complex systems for a variety of clients.
- Managed direct workflows with developers (Hand-off), product managers, and organizational stakeholders, while maintaining business goals and an intuitive user experience.
- Conducted user research, built personas, information architecture, wireframes, and complex prototypes to identify and solve pain points in digital work environments.
- Optimized conversion rates (CRO), refined user flows, and simplified digital forms to reduce friction.

PROJECTS

Bianca | B2B Restaurant Management Dashboard (2026)

- Led the full design cycle of a **B2B system**, including competitor analysis, prototyping, and building a scalable Design System to optimize complex workflows.
- Analyzed operational bottlenecks and optimized workflows in complex management interfaces.

Tesi | EdTech Landing Page & CRO (2025)

- Designed responsive interfaces (Web & Mobile) with a focus on improving conversion rates (CRO) and engagement.
- Applied data-driven design to refine user flows, reducing friction and significantly improving onboarding and conversion rates (CRO).
